

Memo

TO: Norwalk Residents
FROM: Marketa Oliver, City Manager
RE: Water Conservation Plan
DATE: July 26, 2012

City of Norwalk requests that ALL residents implement the following Water Conservation Plan ***effective immediately***. This is the first step in a four step plan to reduce water consumption during a time of need.

Lawn Watering

All residential areas are being asked to alter their lawn watering practice from every day to alternating days.

Example: even-numbered addresses may water on even-numbered days of the month and odd-numbered addresses may water on odd-numbered days of the month.

During weekdays, lawn watering should take place during off-peak hours between 8:00 p.m. and 6:00 a.m. Weekend watering may take place at anytime.

Conversation Methods

A complete list of suggestions to reduce your water consumption may also be found on the [Des Moines Water Works](#) website. Please contact City Hall at 981-0228 if you have any questions.
