

The City has recently received inquiries into possible threats against the City and/or City officials. The City is currently investigating this threat to determine its credibility. City staff has taken action and continues to investigate and take measures to address any security concerns. At this point, law enforcement authorities do not believe there is a threat against the public but will keep members of the public apprised of any developments in this matter.

As always, if members of the public see suspicious activity, they are encouraged to contact 911 in the event of an emergency, or Police Dispatch at 515/222-3321 if the activity is suspicious but does not pose immediate physical harm.

The City will release any additional, pertinent information as it becomes available.

Thank you.
