

November 26, 2014 - ASI has had a few problems with trucks not withstanding today's cold. They have sent an additional truck and extra staff into Norwalk to help with collection. Please note that collection is running later than normal. ASI is hoping to have everyone's garbage collected by 6:00 p.m. The trucks will not leave until all of the routes are complete. If your trash gets missed today, please call ASI at 515.964.5229.
