

Wakonda Drive Neighborhood Project

October 30, 2015

STREET CLOSURE: Lakewood Drive will be closed the remainder of this week and next from 7:00 a.m. to 5:00 p.m. each day. MidAmerican Energy is working on the power transmission line that passes through the northern part of the community. The exact location of this closure is just northeast of the Wakonda Drive intersection.

PROJECT UPDATE: The full-depth asphalt base work is currently underway between Old Orchard Drive and Maplecrest Drive. For the remainder of Wakonda Drive, the street cracking (breaking up of the existing road base) is complete and the contractor is working on seating (flattening and smoothing) that broken layer. They will begin laying the intermediate layer on Monday and the surface (final) layer Wednesday. The sidewalks and driveway approaches are almost complete and the replacement of the culvert has been finished.

Crews will be working this Saturday to finish up the pouring of the curb and gutter along the intersections. Residents should anticipate that construction will occur over the weekends until this project is complete.

COMMUNICATION: Our goal is to keep everyone up-to-date on the progress of this project. If you have not provided us with your contact information (e-mail address/phone number), please do so. We would also like to send these updates by e-mail as much as possible.

Please do not hesitate to contact Dan Nixon or Tim Hoskins with any questions or concerns. We will make every effort to get back to you quickly.
