
Wakonda Drive Neighborhood Project

November 5, 2015

STREET CLOSURE: The final overlay of asphalt on Wakonda Drive will be done on **Monday, November 9**. **ALL vehicles will need to be OFF THE STREET and OUT OF THE DRIVEWAY no later than 7:00 AM.**

Wakonda Drive will be closed all day. We anticipate the street reopening around 6:00 PM. The street could potentially reopen as soon as four hours after the asphalt has been laid. Work will begin at Hwy 28 and move west to Golden Valley Drive. They will then jump to Oakwood Drive and continue towards Lakewood Drive. Once they finish at Lakewood Drive, they will go back and complete Golden Valley Drive to Oakwood Drive.

MIDAMERICAN ENERGY TRANSMISSION LINE WORK: Lakewood Drive will again close in approximately three weeks for MidAmerican Energy to continue work on the power transmission line that passes through the northern part of the community. The exact location of this closure is just northeast of the Wakonda Drive intersection.

COMMUNICATION: Please do not hesitate to contact Dan Nixon or Tim Hoskins with any questions or concerns. We will make every effort to get back to you quickly.
